

NUBEQA[®]
(darolutamide) 300 mg
tablets

Bayer collaborates with specialty distributors (SD) to bring a higher level of comprehensive, coordinated care to your patients. SD networks are designed to:

- Support value creation in the in-office dispensing network
- Collect several sets of data to support assessing network management effectiveness, measuring network performance, and operationalizing data to support network execution
- Supply NUBEQA to physician dispensing practices, such as community oncology or urology practices, and to hospitals including 340B eligible covered entities
