

Starting the NUBEQA[®] Free Trial Program is as easy as 1-2-3!

If you have never tried NUBEQA[®] (darolutamide), you may qualify for the NUBEQA Free Trial Program and can receive your first **2 months for free.**

1

Enroll in the NUBEQA Free Trial Program

- Once you and your doctor have **completed and signed** the DUDE Access Services™ Patient Service Request Form, your doctor will fax it to DUDE Access Services

2

Schedule delivery of your free 2 months of NUBEQA

- DUDE Access Services will call you to **schedule delivery of your first free month** of NUBEQA*
- Your first delivery will include a free 30 days of NUBEQA and will arrive on the day you requested

About 2 weeks later...

- DUDE Access Services will call you to check in and **schedule delivery of your second free month** of NUBEQA

3

Continue your treatment after the NUBEQA Free Trial Program

- Before your free trial ends, **you will be contacted by a specialty pharmacy or your doctor's office** to plan your next delivery. The specialty pharmacy is chosen by your health insurance
- From this point forward, this **specialty pharmacy will provide** your monthly delivery of NUBEQA
- Starting with this delivery, you may be responsible for **out-of-pocket costs set by your health insurance**

*NUBEQA is a specialty drug and cannot be obtained from a regular pharmacy.

DUDE Access Services™
offers **resources and support**
for patients prescribed
NUBEQA® (darolutamide)

If you need help paying for your NUBEQA treatment, DUDE Access Services can provide you with information about assistance with your out-of-pocket costs.

DUDE Access Services can help you with financial support through:

- The NUBEQA \$0 Co-pay Program for eligible, commercially insured patients*
- The Bayer US Patient Assistance Foundation
- Charitable foundations

For more information, call DUDE Access Services at 1-833-337-DUDE (1-833-337-3833), Monday–Friday, 9 AM–7 PM Eastern Time.

*The NUBEQA \$0 Co-pay Program is for commercially insured patients using NUBEQA for an approved FDA indication.
